

### A Unique Holiday Gift

## Waste Material Trucking Offers Creative Gift Giving

A customer of Waste Material Trucking Co. in Southington came up with what she refers to as, "A brilliant and clean idea" Christmas gift and gave her brother and his family a 98 gallon trash can and recycling bin. The gift came complete with weekly waste and recycling removal from the Waste Material Trucking Co. of Southington.

"This service is more than necessary for these new parents. Now, with a newborn in their lives, time is of an essence and trash is of abundance!" the customer wrote in a letter to Waste Material Trucking Co., owner Michael Zommer.

"This gift will truly keep on giving (or taking) every week on Tuesday morning as Waste Material Trucking Company empties out their branch new trash can and recycling," she added.

Waste Material Trucking Co. is located on Dunham Place in Southington.
